

Behavior Kit Instructions

Thank you for your purchase of the Kid Cash Positive Behavior Reward System!

This system is a tool to encourage positive behavior in your child or your preschool or day care children.

Show your child the positive behavior(s) you would like him/her to demonstrate on the chart.

Use the chart to record each time he/she successfully demonstrates the behavior by placing a check mark, a star, or a sticker in the appropriate box.

Kid Cash is earned for every sticker, check, or star the child has received (or however you would like to customize it, for example – one Kid Cash for every three checks, etc). Cash can be given after each mark is placed on the chart, periodically throughout the day, or at the end of the day.

Rewards can then be purchased with the Kid Cash. Keep some small toys, little candies, sticker sheets, etc. on hand with a specific price for each. Once a week (or at whatever time interval you choose) let the child shop the "store" for goodies they have earned through positive behavior. You can also give them the option to purchase experiences, like a trip to the zoo, going to the movies, a Happy Meal from McDonald's, etc. Those things would have a higher cost, and encourage the child to save their Kid Cash (a useful lesson in money!).
